PARKING

Parking is available on site in multi-story car park. No charge for attendees. If this car park is full there is a smaller ground level RSL car park adjacent to the CWA which is beside the Multi-level car park. Both these car parks are across the road from the conference venue. There is also street parking but this is time limited but not charged, some 4 hrs and some 2 hrs. Parking at the Maroochy Surf Club is all street parking and fills quickly so you may have to park a block away if unlucky.

The Surf Club night function will be very casual, on the top floor (sole use) overlooking a beautiful beach – where they held the Aussies this year. There will be no allocated seating as this is meant to be a “getting to know you” type of evening. On entering take the lift to the top floor.
